I have lived here for 6 years 	Throw your paper in the bin 	From time to time 	They are going to build 	On the ground floor 	Climate change 	Normally in the evenings 	We are destroying 	My town is dirty 	You must turn off... 	How many rooms? 	At 7.30 this morning 	We should not waste energy 	I live near the sea. 	Where you live

Yesterday 	I lived in the north suburbs 	There are more and more 	We must travel by 	Once a week 	I use the lift to go to the basement 	There are traffic jams in rush hour 	Cars are forbidden 	I collected rubbish in my town 	Edinburgh is in the SE 	Cities are too polluted 	We should recycle our waste 	Describe 	Litter is a big problem 	Yesterday for example 
---------------	----------------------------------	-----------------------------	-----------------------	-----------------	--	---	------------------------	------------------------------------	----------------------------	-----------------------------	---------------------------------	--------------	-----------------------------	---------------------------

Every day I empty 	I was at my friend's house 	Animals are threatened with extinction. 	There have been more 	Last week 	You must turn off the lights 	I was asleep when you called 	Where you live 	Global warming 	Later today 	I separate the rubbish 	I celebrated with friends 	There has been a church here for 300 years 	There are lots in my town 	The greenhouse effect 
-----------------------	--------------------------------	---	--------------------------	---------------	----------------------------------	----------------------------------	--------------------	--------------------	-----------------	----------------------------	-------------------------------	--	-------------------------------	---------------------------

My mum always does the 	We use public transport 	There are not enough 	Where do you live? 	Gran made Christmas dinner 	We need more green spaces 	Cities are more lively 	Describe 	Factories pollute the rivers 	Exhaust fumes cause air pollution 	Last night 22.30 	On the first floor 	He used to wash the car on Sundays 	We should protect the planet 	She rarely cleans
