Personality Traits

easygoing		unreliable	FREE Candy	stubborn		reserved
impatient						Go Ahead 2
arrogant	Talk about someone you know that has the trait you land on. You must give an example.		Go Back 1	greedy	romantic	patient
Trade Places			rational			
conservative			picky		↑	cold-hearted
polite			well-read	intelligent		END

Procedure:

1. Hand out the main sheet and place it on the table
2. Explain to the students how to play.

Each box corresponds to one question. Each student has roll a dice **and move a piece**.

Ask the students to use make a sentence Talking about someone they know that has the trait they land on. They must give an example. Try to use many of the expressions .

Examples: My boyfriend is romantic. Last week, he took me to a movie and then a really cool café.

Then we went for a walk in the park.

My father is stubborn. He never changes his mind about anything.

My best friend is adventurous. She likes to travel and she always tries new things.

If the answer is correct, when it is their turn, they can go on playing, if not they have to skip one turn.

The student who first finishes the **iter** from “FINISH to START” is the winner

Thank the students for coming to the lesson.
