Procedure:

1. Hand out the main sheet and place it on the table
2. Explain to the students how to play.

Each box corresponds to one question. Each student has roll a dice **and move his/her piece.**

Ask the students to use the words in the square to make at least two sentences and ask one question about the topic.

If the answer is correct, the student, when it is his turn, can go on playing, if not he has to skip one turn.

3. The student who first finishes the **iter** from “FINISH to START” is the winner

Thank the students for coming to the lesson.
