Procedure:

1. Hand out the main sheet and place it on the table
2. Explain to the students how to play.

Each box corresponds to one question. Each student has roll a dice **and move a piece**.

Ask the students to use make a sentence choosing either wish or hope and decide what they wish or hope for about the topic they land on.

Examples: You roll the dice and land on 'Your friends'. I wish my friend Alice would meet a nice guy. (future). OR: I wish my friend Alice had a million dollars! (present) OR: I wish my friend Alice had known my friend Nelly. (past). If you want to use HOPE; I hope my friend Alice remembered my

birthday. (past). I hope my friend Alice is all right. (present). I hope my friend Alice has fun in Mexico next week. (future).

If the answer is correct, when it is their turn, they can go on playing, if not they have to skip one turn.

The student who first finishes the **iter** from “FINISH to START” is the winner.

Thank the students for coming to the lesson.
