In My Garden

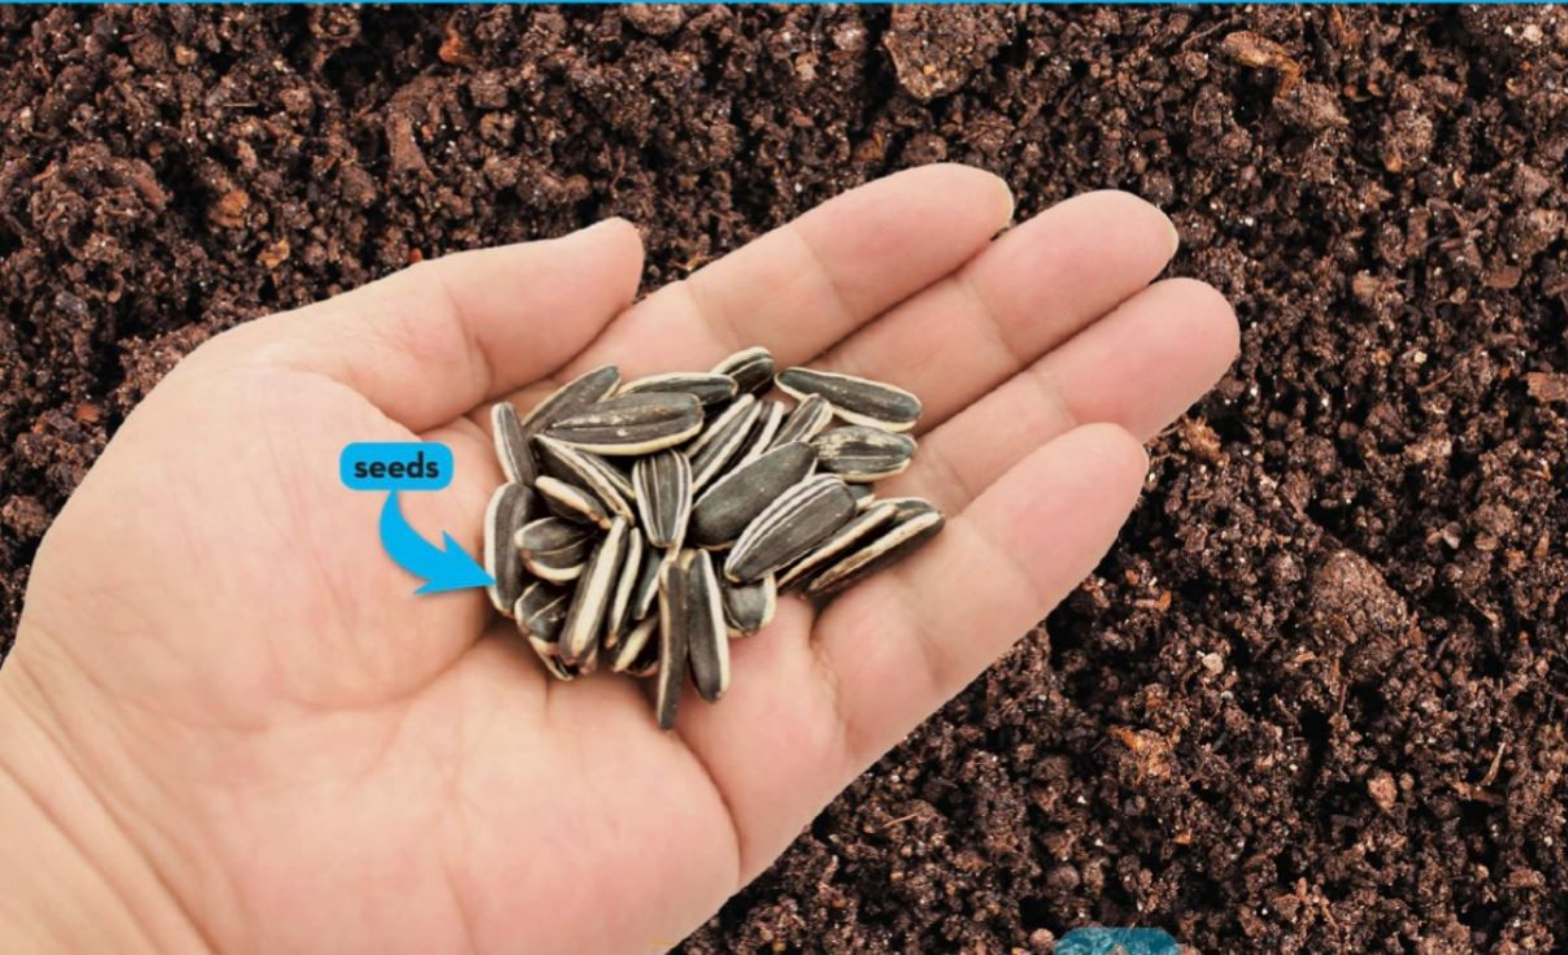

**In my garden, seeds hide in the dirt.
Soon, the seeds will grow.**

Count the seeds. One. Two. Three.

Plant your garden.

Watch your garden grow.

seeds

sunflower

**A sunflower
starts as a
seed.**

In my garden, a caterpillar
rests on a leaf.

Find the caterpillar's legs. Touch your legs.

**Water your garden.
Watch your garden grow.**

**Sunflower
plants soon
sprout from
the ground.**

**In my garden, a mother bird
feeds her baby.**

Wave hello to the baby bird.

Let sun shine on your garden.

Watch your garden grow.

**The sunflower
begins to
open.**

In my garden, some seeds become carrots.
Some seeds become flowers.

Sniff the sweet-smelling flowers.

Love your garden.

Watch your garden grow.

Sunflowers
grow toward
the sun.

In my garden, plants create shade for bunnies.

Play peekaboo with the bunnies.

Now your garden is grown.

Share your garden.

Sunflowers,
tall and bright, are
full of seeds to
plant next
summer.

Can you find
these things from
the garden?

seeds

bunnies

caterpillar

carrots

sunflowers
