# People!

**People come in all shapes and sizes.  
They have different hair and skin colors.**

**These people are girls.**

Can you find the girls on the school bus?

**GUESS  
WHAT?**

The hair at  
the top of your head  
grows faster than  
the hair sprouting  
from the sides!

People live in different places all around the world.

These people are boys.

Can you find the boys playing tug-of-war?

**GUESS  
WHAT?**

**Breathing  
in takes about two  
seconds. Breathing  
out takes about  
three.**

People work, sleep, eat, play, and laugh.

These people are women.

Can you find the women at the market?

**GUESS  
WHAT?**

**You use 12  
muscles to smile  
and 11 to frown.**

Most people are part of a family.

These people are men.

Can you find the men sitting on the dock?

**GUESS  
WHAT?**

**The biggest  
bone in your body  
is in your leg!**

People start as little babies and grow up to be big adults.

These people are babies.

Can you find the babies in the playgroup?

**GUESS  
WHAT?**

Babies have about 300 bones when they are born. Adults have only 206!

Everyone is different.  
But we are all people!

Can you find a girl?

Can you find a boy?

Can you find a woman?

Can you find a man?

Can you find a baby?
