Christmas Taboo

Directions:

Divide players into two teams. A player from the first team draws a card. A player from the second team serves as the monitor.

The player holding the card must give verbal clues (words only – no humming or gesturing) to help his/her team guess the word at the top of the card within 30 seconds. He or she may not use any of the words or phrases listed on the card or any portion thereof.

The monitor looks at the card and listens to ensure that the player giving the clues does not use any of the illegal words. If one of the words is said, the monitor should call it. The card is discarded, and the turn forfeited.

Play alternates between the two teams. The team with the most points at the end of the play period wins.
