## Things you wear

In this fun activity, students work in pairs and brainstorm words connected to clothing and footwear. This activity is ideal for reviewing clothes vocabulary.

Before class, make one copy of the worksheet for each pair of students.

### Procedure

Divide the students into pairs and give out the worksheets.

Go through the first question with the class and elicit answers from the students.

Then set a time limit and tell the students to start brainstorming the answers to the questions.

When the time limit is up, ask the pairs to swap their worksheets with another pair.

Check the answers as a class and find out which pair has the most correct answers.
