Comparative and Superlative Card Game

Procedure

Put the students into small groups of 3 or 4.

Place the topic cards facing up.

Jumble up the adjective cards and put them face down.

Each student in turn picks up an adjective card and chooses a topic. The student has to make a comparative or superlative sentence using the adjective. The sentence must be related to the topic.

Each student gets one point for each grammatically correct sentence.

If a student cannot make a sentence, the card goes to the next player and they try to make a sentence for two points.

Play until all the cards have been used up.
